Mayo Clinic Proceedings

INDEX
VOLUME 54
1979

ROCHESTER, MINNESOTA

Index to Volume 54 of MAYO CLINIC PROCEEDINGS

A

Academic surgical arena, training future surgeons for; editorial, 481
Acute pancreatitis, medical treatment of, 432
Adenocarcinoma: cancer of pancreas in Olmsted County, Minnesota, 1935-1974, 245
Adrenal scintiscanning with NP-59, new radioiodinated cholesterol agent, 321
Adson MA, 443
Albright's syndrome with rickets, 313
Alexander (1848-1917) and Felix (1852-1931), brothers von Winiwarter, and thromboangiitis obliterans, 802
Allopurinol, chronic gouty nephropathy treated by long-term hemodialysis and, 618
Amaurosis fugax, unusual cause of osteoma, 258
Amputee visitor program as adjunct to rehabilitation of lower limb amputee, 774
Amylase clearance and isoamylase measurements, clinical use of, 428
Amyloid angiopathy, clinicopathologic studies of primary cerebral, 22
Analgesics: drug abuse and dependency in patients with chronic pain, 241
Anderson KR, 174, 181
Anderson RH, 174
Anomaly, Ebstein's: clinical features and natural history of Ebstein's anomaly of tricuspid valve, 163
in 85-year-old man, 193
of heart, morphologic spectrum of, 174
surgical repair of, 185
Antiarrhythmic drug therapy: clinical pharmacology, 531
Antibodies: to luteinizing hormone receptors in premature ovarian failure, search for, 394
use of combined plasmapheresis and immunosuppression in treatment of Goodpasture's syndrome, 714
Anticonvulsants: pseudoepileptic seizures in children and adolescents, 83
Antidepressants: clinical pharmacology; series on pharmacology in practice. I. Drugs that alter mood. II. Lithium, 401
tricyclic, and histamine H_1 receptors, 669
Antigens: heterogeneity of HLA-BW35 based on diallelic BW4-BW6 system, 527
serologic markers of hepatitis A and B in acute and chronic liver disease, 721
Aorta, abdominal, horseshoe kidney associated with surgery of the, 97
Aortic dissection, thoracic, roentgenographic findings in, 43
Aortic murmurs: cardiac valve replacement in congestive heart failure due to infective endocarditis, 223
Applications in children and adolescents; total joint arthroplasty, 579
Arm flap: flaps used for nasal reconstruction; perspective based on 180 cases, 91
Arnold PG, 91
Arteriovenous malformation affecting transverse dural venous sinus—acquired lesion, 651
Artery, carotid, ocular aspects of bypass surgery of, 3
Arthritis: synovial effusions containing cholesterol crystals; report of 12 patients and review, 366
Arthroplasty, total joint: ankle, 570
applications in children and adolescents, 579
applications in management of bone tumors, 583
biologic causes of failure, 590
elbow, 507
foot, 576
foreword, 491
hand, 516
hip, 559
historical development, 493
introduction to lower extremity, 557
introduction to upper extremity, 495
knee, 564
principles and guidelines for postoperative physiatric management, 602
role of biomechanics, 597
shoulder, 500
wrist, 513
Arthroplasty with total joint design, proximal interphalangeal joint, 227
Ascites, transmural eosinophilic gastroenteritis with, 119
Asplenic renal transplant patients, severe infection due to *Streptococcus pneumoniae* in, 123
Atrial tumor: primary cardiac myxosarcoma in child, 261
Austin GE, 394
Autoimmune disorders: HLA, 385
Azathioprine: chronic active liver disease with common variable hypogammaglobulinemia, 127

B

Bacteria: etiology of pediatric gastroenteritis in Rochester, Minnesota, 151
Bacteriology: severe infection due to *Streptococcus pneumoniae* in asplenic renal transplant patients, 123
Banks PM, 104
Bartholomew LG, 329
Barzilai DC, 763
Beahrs OH, 643
Beart RW Jr, 643, 779
Beatty CW, 543
Beckenbaugh RD, 227, 513
Becker AE, 174
Bernatz PE, 97
Bess MA, 32
Bianco AJ Jr, 579
Biologic causes of failure; total joint arthroplasty, 590
Biomechanics, role of; total joint arthroplasty, 597
Birth weight, effect of elective induction on, 646
Bleeding diathesis: unilateral essential hematuria, 88
Blood: heterogeneity of HLA-BW35 based on diallelic BW4-BW6 system, 527
hypofibrinogenemia-dysfibrinogenemia and von Willebrand's disease in same family, 375
Blood flow: diagnosis and management of fetal distress, 784
Blood pressure: health care delivery research in decade of hypertension; editorial, 345
Mayo three-community hypertension control program. I. Design and initial screening results, 289
Mayo three-community hypertension control program. II. Outcome of intervention in entire communities, 299
Mayo three-community hypertension control program. III. Outcome in community-based hypertension clinic, 307
public health education and control of hypertension in United States, 794
Blood tests: serologic markers of hepatitis A and B in acute and chronic liver disease, 721
Bone: Albright's syndrome with rickets, 313
Bones: limb fractures in defined population. I. Frequency and distribution, 701
limb fractures in defined population. II. Orthopedic treatment and utilization of health care, 708
problems in interpretation of results of treatment for osteosarcoma; editorial, 621
total joint arthroplasty; principles and guidelines for postoperative physiatric management, 602
Bone tumors, applications in management of; total joint arthroplasty, 583

BOOK REVIEWS (Titles and Reviewers)

Abdominal Organ Imaging—Wahner HW, 486
Adolescent Dermatology—Winkelmann RK, 281
Adult Articular Cartilage—Kelly PJ, 820
Advances in Nephrology—Donadio JV Jr, 817
Alzheimer's Disease—Kokmen E, 485
Antiviral Agents and Viral Diseases of Man—Smith TF, 754

Arthritis and Allied Conditions—Ginsburg WW, 696
Artificial Cardiac Pacing—Broadbent JC, 630
Atlas of Cross-Sectional Anatomy—Forbes GS, 753
Atlas of Laparoscopy and Biopsy of Liver—McGill DB, 618
Atlas of Liver Biopsies—Ludwig J, 818
Atlas of Technetium Bone Scans—Wahner HW, 279
Atlas of Tumors of Skin—Moore GL, 348
Atlas of Ultrastructure of Human Breast Disease—Jones MJ, 552
Basic Nursing—Joyce RH, 754
Beta Hemolytic Streptococcal Diseases—Wilkowske CJ, 416
Beyond Double Bind—Wells LA, 214
Bone—Wahner HW, 414
Bone Tumors—Unni KK, 631
Bone Tumors in Children—Klassen RA, 756
Cancer Dermatology—Dicken CH, 282
Cardiac Pathology—Lie JT, 213
Care of Patient With Neurogenic Bladder—Stonnington HH, 487
Central Nervous System Effects of Hypothalamic Hormones and Other Peptides—Randall RV, 553
Cerebral Computed Tomography—Forbes GS, 134
Clinical Anatomy of Heart—Lie JT, 134
Clinical Cardiology—O'Brien CP, 68
Clinical Hypertension—Tucker RM, 68
Clinical Nephrology—Wochos DN, 281
Clinical Neuropharmacology—Rosenbaum AH, 70
Clinical Neurophysiology of the Vestibular System—Mokri B, 758
Clinical Pharmacology of Psychotherapeutic Drugs—Richelson E, 71
Color Atlas of Liver Disease—McGill DB, 696
Congenital Heart Disease in Adults—Beahrs MM, 816
Controversy in Psychiatry—Moore GL, 348
Convulsive Therapy—Peterson GC, 630
Coronary Heart Disease in Young Women—Vlietstra RE, 212
Critical Issues in Psychiatric Diagnosis—Morse RM, 134
Current Developments in Psychopharmacology—Richelson E, 819
Differential Diagnosis of Eye Diseases—Liesegang TJ, 348
Diseases of Skin in Children and Adolescents—Winkelmann RK, 416
Doctor's Law Guide—Moore RM Jr, 629
Double Contrast Gastrointestinal Radiology—Carlson HC, 552
Drug Treatment of Gastrointestinal Disorders—LaRusso NF, 753
Endoscopic Retrograde Cholangiopancreatography—Cameron AJ, 753
Essentials of Clinical Electric Response Audiometry—Rose DE, 280
Evans' Histological Appearances of Tumors—Dahlin DC, 69
External Diseases of Eye—Liesegang TJ, 695
Forgive and Remember—Bernatz PE, 551
Functional Neurosurgery—Laws ER, 819
Fundamentals of Electroencephalography—Westmoreland BF, 281
Genitourinary Cancer—Myers RP, 280
Glaucoma—Brubaker RF, 350
Glickman's Clinical Periodontology—Sheridan PJ, 414
Graft Materials in Vascular Surgery—Pairolero PC, 695
Heart Disease in Infancy and Childhood—Lie JT, 69
Hematology for Practitioners—Hoagland HC, 350
Hernia—Beart RW Jr, 415
Hip Disorders in Children—Bianco AJ Jr, 136
Histologic Diagnosis of Inflammatory Skin Diseases—Perry HO, 279
Hospital Infections—Keys TF, 697
Hysteria—Milliner EK, 280
Immunotherapy of Human Cancer—Ritts RE Jr, 755
Induction of Ovulation—Coulam CB, 758
Infectious Diseases—Keys TF, 415
Injuries to Major Branches of Peripheral Nerves of Forearm—Linscheid RL, 349
Inside Mayo Clinic—Broadbent JC, 820
Introduction to Oral Medicine—Sheridan PJ, 213
Laboratory Methods in Antimicrobial Chemotherapy—Washington JA II, 486
Liver and Anaesthesia—Byer DE, 484
Making It in Medical School—Litin SC, 816
Manic Illness—Rosenbaum AH, 818
Manual of Renal Transplantation—Sterioff S, 415
Modern Medical Mistakes—Mulder DW, 135
Mucosal Biopsy of Gastrointestinal Tract—Krawisz BR, 487
Nails in Disease—Muller SA, 554
Neural Mechanisms in Cardiac Arrhythmias—Hartzler GO, 756
Neurological Epidemiology—Mulder DW, 415
Neuro-Ophthalmology—Younge BR, 68
Neuropsychology—Swenson WM, 282
Neurosurgery—Ebersold MJ, 820
New Approaches in Diagnosis and Management of Cardiovascular Disease—Vlietstra RE, 554
Nutrition, Lipids, and Coronary Heart Disease—Anderson CF, 414
Ocular Histology—Campbell RJ, 696
Open Fracture—Cabanela ME, 626
Oral Diagnosis/Oral Medicine—Sheridan PJ, 70
Pathology of Tropical and Extraordinary Diseases—Nascimento AG, 136
Pathophysiology of Blood—Hoagland HC, 696
Pediatric Orthopedic Radiology—Hoffman AD, 551
Physician or Magician?—Daugherty GW, 486
Plasmapheresis and Immunobiology of Myasthenia Gravis—Duane D, 817
Politics of Pain—Swanson DW, 212
Positioning in Anesthesia and Surgery—Byer DE, 349
Practical Abdominal Ultrasound—James EM, 755
Pre-Excitation Syndrome—Mankin HT, 484
Preleukemic Disorders—Hoagland HC, 552
Principles and Practice of Emergency Medicine—Mucha P Jr, 134
Prostatic Cancer—Myers RP, 626
Psychology of Pain—Maruta T, 279
Pulmonary Disease of Fetus Newborn and Child—O'Connell EJ, 279
Radiological Atlas of Biliary and Pancreatic Disease—May GR, 626
Receptor Binding Studies in Adrenergic Pharmacology—Richelson E, 135
Replacement of Renal Function by Dialysis—Mitchell JC, 282
Rise of Surgery—Bernatz PE, 484
Scientific Basis of Athletic Conditioning—Gura GM, 485
Sexual Consequences of Disability—Davis LJ Jr, 485
Shoulder—Cofield RH, 212
Sodium and Water Homeostasis—Wilson DM, 214
Spinal Injury—Cabanela ME, 553
Strauss and Welt's Disease of Kidney—Anderson CF, 629
Suicide—Wells LA, 758
Surgery of Veins of Leg and Pelvis—Lofgren EP, 625
Surgical Conditions in Paediatrics—Cooney DR, 625
Thallium-201 Myocardial Imaging—Brown ML, 135
Tissue Heart Valves—Kaye MP, 758
Trauma in Pregnancy—Hill LM, 755
Treatment of Acute Myocardial Ischemia—Holmes DR Jr, 629
Tuberculosis—Williams DE, 753
Tumors of Cardiovascular System—Lie JT, 553
Ultrasound in Tumor Diagnosis—James EM, 697
Ultrastructural Aspects of Liver and Its Disorders—Barham SS, 695
Urology in Practice—Barrett DM, 486
Why Not Say It Clearly—Gaffey TA, 756
Zinc and Copper in Clinical Medicine—Fleming CR, 71
Zoo and Wild Animal Medicine—Zollman PE, 136

BOOKS BY MAYO CLINIC AUTHORS; Reviews

Current Methods of Autopsy Practice, by Jurgen Ludwig (reviewed by H. D. Atwood), 551
Management of Medical Practice, by John McCormick, Ronald L. Rushing, and W. Grayburn Davis (reviewed by J. J. Coury, Jr.), 72

Medical Neurosciences: An Approach to Anatomy, Pathology, and Physiology by Systems and Levels, by Jasper R. Daube, Burton A. Sandok, Thomas J. Reagan, and Barbara F. Westmoreland (reviewed by J. Q. Miller), 350
Rheumatologic Interviewing and Physical Examination of the Joints, by Howard F. Polley and Gene G. Hunder (reviewed by E. C. LeRoy), 416
Transurethral Surgery, edited by Laurence F. Greene and Joseph W. Segura (reviewed by S. N. Rous), 754
Tuberous Sclerosis, by Manuel R. Gomez (reviewed by WE Bell), 820
Boone CW, 408
Bourgault A-M, 123
Bowel disease: surgical treatment of incapacitating constipation associated with idiopathic megacolon, 779
Bowie EJW, 375
Brain, demyelination of, in tuberous sclerosis; computed tomography evidence, 685
Brain disease: clinical spectrum of Wilson's disease (hepatolenticular degeneration), 35
Brandenburg RO, 163
Brennan LA Jr, 289, 299, 307, 769
Bresnahan JF, 675
Brian D, 245
Broadbent JC, 219
Bronchial carcinoma, in situ, clinical application of new endoscopic technique for detection of, 635
Bronchodilator: theophylline; practical application of new knowledge, 733
Brooks FP, 475
Brothers von Winiwarter, Alexander (1848-1917) and Felix (1852-1931), and thromboangiitis obliterans, 802
"Brown bowel syndrome," ceroidosis in, 251
Bryan RS, 507
Burchell HB, 205
Burke EC, 131, 549
Bursitis: synovial effusions containing cholesterol crystals; report of 12 patients and review, 366
BW4-BW6 system, heterogeneity of HLA-BW35 based on diallelic, 527
Bypass surgery of carotid artery, ocular aspects of, 3

C

Cabanela ME, 559
Campbell DC II, 559
Campbell JK, 651
Campbell RJ, 22, 258, 651
Cancer of pancreas in Olmsted County, Minnesota, 1935-1974, 245
Cancer rehabilitation: amputee visitor program as adjunct to rehabilitation of lower limb amputee, 774
Cardiac: catheterization; Werner Forssmann (1904-1979) and his unusual success story, historical vignette, 746
myxosarcoma, primary, in child, 261
Cardiac pacing: pacemaker lead, 1979—in search of fail-safe electrode, editorial, 275
transvenous tined electrode systems; approach to acute dislodgement, 219
Cardiac valve replacement in congestive heart failure due to infective endocarditis, 223
Cardiology: electrocardiographic voltage changes during hyperthyroidism, 763
Cardiomegaly, unusual mediastinal lipoma simulating, 60
Cardiovascular disease: public health education and control of hypertension in United States, 794
Carotid artery, ocular aspects of bypass surgery of, 3
Carpenter HA, 55
Carpenter PC, 321, 332
Castle LW, 275
Celiac sprue: medical management of malabsorption, 267
Cerebellum: severe pancreatic involvement in three generations in von Hippel-Lindau disease, 329
Cerebromacular degeneration, electrographic findings in three types of, 12
Ceroidosis in "brown bowel syndrome," 251
Changing face of psychiatry, 613
Chao EYS, 597
Chest x-ray: roentgenographic findings in thoracic aortic dissection, 43
Children on vegetarian diets, multiple nutritional deficiencies in; editorial, 549
Cholecystokinin: gastrointestinal hormone profile in renal insufficiency, 769
Cholesterol agent, adrenal scintiscanning with NP-59, new radioiodinated, 321
Cholesterol crystals, synovial effusions containing; report of 12 patients and review, 366
Chronic active liver disease with common variable hypogammaglobulinemia, 127
Chronic gouty nephropathy treated by long-term hemodialysis and allopurinol, 618
Chronic pain, drug abuse and dependency in patients with, 241
Clinical application of new endoscopic technique for detection of in situ bronchial carcinoma, 635
Clinical features and natural history of Ebstein's anomaly of tricuspid valve, 163
Clinical pharmacology: antiarrhythmic drug therapy, 531
and challenge of change; editorial, 347
digitalis glycosides, 675
drugs that alter mood. I. Tricyclic agents and monoamine oxidase inhibitors, 335
drugs that alter mood. II. Lithium, 401
theophylline; practical application of new knowledge, 733
Clinical spectrum of Wilson's disease (hepatolenticular degeneration), 35
Clinician investigator program; editorial, 750
Clinicopathologic studies of primary cerebral amyloid angiopathy, 22
Cofield RH, 491, 500
Cole TL, 375
Colonoscopic polypectomies, 32
Colvard DM, 543
Comfort symposium: classification of pancreatic cancer (nonendocrine), 449
clinical use of amylase clearance and isoamylase measurements, 428
foreword, 419
medical treatment of acute pancreatitis, 432
medical treatment of pancreatic insufficiency, 435
pancreatic cancer; overview of epidemiology, clinical presentation, and diagnosis, 459
secretory process in pancreatic exocrine cell, 420
surgical treatment of pancreatic cancer, 468
surgical treatment of pancreatitis; review of series, 443
where is pancreatic research going?, 475
Computed tomography: in diagnosis of soft-tissue tumors, use of, 547
evidence; demyelination of brain in tuberous sclerosis, 685
Congenital absence of portal vein, 55
Congenital disease: Ebstein's anomaly in 85-year-old man, 193
hypofibrinogenemia-dysfibrinogenemia and von Willebrand's disease in same family, 375
morphologic spectrum of Ebstein's anomaly of heart, 174
surgical repair of Ebstein's anomaly, 185
Congenital heart disease, life story of Wilhelm Ebstein (1836-1912) and his almost overlooked description of, 197
Conn DL, 104
Connective tissue disease, lymphoid neoplasia following, 104
Constipation associated with idiopathic megacolon, surgical treatment of incapacitating, 779
Continent ileostomy; viable alternative, 643
Convulsions: pseudoepileptic seizures in children and adolescents, 83
Cooney WP III, 227, 495, 597
Cortese DA, 635
Corticotropin-releasing factor: psychoendocrinology, 109
Coulam CB, 394
Coventry MB, 493, 557
Cubilla AI, 449
Cystoscopic examination: unilateral essential hematuria, 88
Cytotoxic agents: idiopathic membranoproliferative (mesangiocapillary) glomerulonephritis; clinicopathologic study, 141
Czaja AJ, 721

D

Dahlin DC, 621
Danielson GK, 185, 223
Daube JR, 408
Davis GL, 119
Deafness: Usher's syndrome with unusual otologic manifestations, 543

Degeneration: electrographic findings in three types of cerebromacular, 12
hepatolenticular; clinical spectrum of Wilson's disease, 35
DeGoey SR, 527
De la Fuente JR, 109
Demonstration of steroid-producing gonadal tumors by external scanning with use of NP-59, 332
Demyelination of brain in tuberous sclerosis; computed tomography evidence, 685
DeSanto LW, 258
Detection of in situ bronchial carcinoma, clinical application of new endoscopic technique for, 635
Devloo RAE, 185
Diabetes: cancer of pancreas in Olmsted County, Minnesota, 1935-1974, 245
Diagnosis and management of fetal distress, 784
Diallelic BW4-BW6 system, heterogeneity of HLA-BW35 based on, 527
Diarrhea: etiology of pediatric gastroenteritis in Rochester, Minnesota, 151
relationships between pancreatic ductal obstruction and pancreatic secretion in man, 157
systemic mastocytosis; with review of gastrointestinal manifestations, 51
transmural eosinophilic gastroenteritis with ascites, 119
Dickson ER, 127
Diet: medical management of malabsorption, 267
obesity—who is to blame?; editorial, 749
Digitalis glycosides; clinical pharmacology, 675
DiMagno EP, 157, 267, 419, 435, 769
Disease: HLA, 385
Disease, congenital: clinical features and natural history of Ebstein's anomaly of tricuspid valve, 163
Dislodgement, approach to acute; transvenous tined electrode systems, 219
Dissection, roentgenographic findings in thoracic aortic, 43
Distal urethral stenosis; editorial, 690
Dobyns JH, 227, 516
Dobyns WB, 35
Donadio JV Jr, 141, 714
Dozois RR, 643
Drug abuse and dependency in patients with chronic pain, 241
Drugs: clinical pharmacology and challenge of change; editorial, 347
medical treatment of acute pancreatitis, 432
medical treatment of pancreatic insufficiency, 435
theophylline; practical application of new knowledge, 733
treatment of recurrent ventricular tachycardia by patient-activated radiofrequency ventricular stimulation, 75
tricyclic antidepressants and histamine H_1 receptors, 669
Drugs that alter mood: I. Tricyclic agents and monoamine oxidase inhibitors, 335
II. Lithium, 401
Drug therapy, antiarrhythmic; clinical pharmacology, 531
Ductal obstruction, pancreatic, and pancreatic secretion in man, relationships between, 157
Duick DS, 332
Dural venous sinus—acquired lesion, arteriovenous malformation affecting transverse, 651
Dysfibrinogenemia-hypofibrinogenemia and von Willebrand's disease in same family, 375
Dysplastic bone: Albright's syndrome with rickets, 313

E

Earnest F IV, 43
Ebstein's anomaly: clinical features and natural history of Ebstein's anomaly of tricuspid valve, 163
Ebstein's anomaly in 85-year-old man, 193
life story of Wilhelm Ebstein (1836-1912) and his almost overlooked description of congenital heart disease, 197
morphologic spectrum of Ebstein's anomaly of heart, 174
right ventricular myocardium in Ebstein's anomaly; morphometric histopathologic study, 181
surgical repair of Ebstein's anomaly, 185
Ebstein's disease: editorial, 205
Echocardiography: primary cardiac myxosarcoma in child, 261
visualization of ventricular septal rupture utilizing wide-angle two-dimensional, 381
EDITORIALS
Clinical pharmacology and challenge of change, 347
Clinician investigator program, 750
Distal urethral stenosis, 690
Ebstein's disease, 205
Electrical recordings from human nerves, 408
Electrophrenic respiration, 690
Health care delivery research in decade of hypertension, 345
Multiple nutritional deficiencies in children on vegetarian diets, 549
Obesity—who is to blame?, 749
Pacemaker lead, 1979—in search of fail-safe electrode, 275
Pass/fail versus grades and pursuit of excellence, 64
Problems in interpretation of results of treatment for osteosarcoma, 621
Proceedings—January look, 63
Radiation hazard—let's put it in perspective, 809
Thumbnail sketch of reproductive hormone receptors, 408
Training future surgeons for academic surgical arena, 481
Urinary tract infections in children, 131
Education, public health, and control of hypertension in United States, 794
Effect of elective induction on birth weight, 646
Effusions, synovial, containing cholesterol crystals; report of 12 patients and review, 366
Elbow, total joint arthroplasty, 507
Electrocardiographic voltage changes during hyperthyroidism, 763
Electrode systems, transvenous tined; approach to acute dislodgement, 219
Electrographic findings in three types of cerebromacular degeneration, 12
Electrophrenic respiration: editorial, 690
report of six cases, 662
Electrophysiology: treatment of recurrent ventricular tachycardia by patient-activated radiofrequency ventricular stimulation, 75
Elveback LR, 245
Endocarditis, infective: cardiac valve replacement in congestive heart failure due to, 223
ceroidosis in the "brown bowel syndrome," 251
Endocrine system: psychoendocrinology, 109
Endocrinology: classification of pancreatic cancer (nonendocrine), 449
surgical treatment of pancreatitis; review of series, 443
Endoscopic technique, new, for detection of in situ bronchial carcinoma, clinical application of, 635
Enzymes: chronic active liver disease with common variable hypogammaglobulinemia, 127
Eosinophilic transmural gastroenteritis with ascites, 119
Epidemiology: cancer of pancreas in Olmsted County, Minnesota, 1935-1974, 245
clinical presentation, diagnosis, and overview of pancreatic cancer, 459
limb fractures in defined population. I. Frequency and distribution, 701
limb fractures in defined population. II. Orthopedic treatment and utilization of health care, 708
Mayo three-community hypertension control program. I. Design and initial screening results, 289
Mayo three-community hypertension control program. II. Outcome of intervention in entire communities, 299
Mayo three-community hypertension control program. III. Outcome in community-based hypertension clinic, 307
Epilepsy: pseudoepileptic seizures in children and adolescents, 83
Erich JB, 91
Erickson SB, 714
Etiology of pediatric gastroenteritis in Rochester, Minnesota, 151
Ettinger RE, 366
Excellence, pass/fail versus grades and pursuit of; editorial, 64
Excretory urogram: unilateral essential hematuria, 88
Exocrine cell, secretory process in pancreatic, 420

Exocrine pancreas: where is pancreatic research going?, 475
Exocrine pancreatic insufficiency: severe pancreatic involvement in three generations in von Hippel-Lindau disease, 329
Exocrine secretion: relationships between pancreatic ductal obstruction and pancreatic secretion in man, 157
Exteroceptive, proprioceptive, and sympathetic activity recorded with microelectrodes from human peripheral nerves, 353
Eye: osteoma; unusual cause of amaurosis fugax, 258
Eyesight: Usher's syndrome with unusual otologic manifestations, 543

F

Face of psychiatry, changing, 613
Fass DN, 375
Federman J, 531
Feist DJ, 193
Feldt RH, 261
Fetal distress, diagnosis and management of, 784
Finger: proximal interphalangeal joint arthroplasty with total joint design, 227
Finlayson RE, 83, 241
Fishman RS, 51, 329
Fitzgerald PJ, 449
Fitzgerald RH Jr, 564, 590
Flaps used for nasal reconstruction; perspective based on 180 cases, 91
Fleming CR, 51, 119
Fluorescence: clinical application of new endoscopic technique for detection of in situ bronchial carcinoma, 635
Fontana RS, 635
Foot; total joint arthroplasty, 576
Foreword; total joint arthroplasty, 491
Forssmann, Werner (1904-1979) and his unusual success story; historical vignette, 746
Fractures, limb: in defined population. I. Frequency and distribution, 701
in defined population. II. Orthopedic treatment and utilization of health care, 708
Fugax, amaurosis; unusual cause of osteoma, 258
Fuster V, 163

G

Gaffey TA, 408
Gallenberg MM, 646
Gallstones: surgical treatment of pancreatitis; review of series, 443
Garraway WM, 701, 708
Garrick R, 685
Gastroenteritis: etiology of pediatric, in Rochester, Minnesota, 151
transmural eosinophilic, with ascites, 119
Gastrointestinal ceroidosis: ceroidosis in the "brown bowel syndrome," 251
Gastrointestinal disease: systemic mastocytosis; with review of gastrointestinal manifestations, 51
Gastrointestinal hormone profile in renal insufficiency, 769
Gastrointestinal tract: congenital absence of portal vein, 55
Geraci JE, 223
Giuliani ER, 163, 223
Gleich GJ, 127
Glenohumeral cartilage: total joint arthroplasty; shoulder, 500
Glomerulonephritis, idiopathic membranoproliferative (mesangiocapillary); clinicopathologic study, 141

introduction to upper extremity, 495
knee, 564
principles and guidelines for postoperative physiatric management, 602
role of biomechanics, 597
wrist, 513
Synovial effusions containing cholesterol crystals; report of 12 patients and review, 366
Systemic mastocytosis; with review of gastrointestinal manifestations, 51

T

Tajik AJ, 193, 381
Taraska SP, 151
Taylor JO, 345
Tay-Sachs disease: electrographic findings in three types of cerebromacular degeneration, 12
Testin J, 527
Theophylline; practical application of new knowledge, 733
Therapeutics: HLA, 385
Thoracic aortic dissection, roentgenographic findings in, 43
Three-community hypertension control program, Mayo: I. Design and initial screening results, 289
II. Outcome of intervention in entire communities, 299
III. Outcome in community-based hypertension clinic, 307
Thromboangiitis obliterans and brothers von Winiwarter, Alexander (1848-1917) and Felix (1852-1931), 802
Thyroid disease: electrocardiographic voltage changes during hyperthyroidism, 763
Timm ME, 307
Tomography, computed, in diagnosis of soft-tissue tumors, use of, 547
Total joint arthroplasty: ankle, 570
applications in children and adolescents, 579
applications in management of bone tumors, 583
biologic causes of failure, 590
elbow, 507
foot, 576
foreword, 491
hand, 516
hip, 559
historical development, 493
introduction to lower extremity, 557
introduction to upper extremity, 495
knee, 564
principles and guidelines for postoperative

physiatric management, 602
role of biomechanics, 597
shoulder, 500
wrist, 513
Training future surgeons for academic surgical arena; editorial, 481
Transmural eosinophilic gastroenteritis with ascites, 119
Transplant patients, severe infection due to *Streptococcus pneumoniae* in asplenic renal, 123
Transvenous tined electrode systems; approach to acute dislodgement, 219
Transverse dural venous sinus—acquired lesion, arteriovenous malformation affecting, 651
Trautmann JC, 258
Treatment of recurrent ventricular tachycardia by patient-activated radiofrequency ventricular stimulation, 75
Tricuspid valve: clinical features and natural history of Ebstein's anomaly of tricuspid valve, 163
Ebstein's anomaly in 85-year-old man, 193
Ebstein's disease; editorial, 205
life story of Wilhelm Ebstein (1836-1912) and his almost overlooked description of congenital heart disease, 197
morphologic spectrum of Ebstein's anomaly of heart, 174
right ventricular myocardium in Ebstein's anomaly; morphometric histopathologic study, 181
surgical repair of Ebstein's anomaly, 185
Tricyclic agents: drugs that alter mood. I. Tricyclic agents and monoamine oxidase inhibitors, 335
Tricyclic antidepressants and histamine H_1 receptors, 669
Tuberous sclerosis, demyelination of brain in; computed tomography evidence, 685
Tubular absorption, renal: Albright's syndrome with rickets, 313
Tumor of orbit: osteoma; unusual cause of amaurosis fugax, 258
Tumors: classification of pancreatic cancer (nonendocrine), 449
clinical use of amylase clearance and isoamylase measurements, 428
pancreatic cancer; overview of epidemiology, clinical presentation, and diagnosis, 459
steroid-producing gonadal, demonstration of, by external scanning with use of NP-59, 332
surgical treatment of pancreatic cancer, 468
vascular: severe pancreatic involvement in three generations in von Hippel-Lindau disease, 329
Two-dimensional echocardiography, visualization of ventricular septal rupture utilizing wide-angle, 381

U

Ulcerative colitis: continent ileostomy; viable alternative, 643
Unilateral essential hematuria, 88
Unusual mediastinal lipoma simulating cardiomegaly, 60
Upper extremity; total joint arthroplasty: elbow, 507
hand, 516
historical development, 493
introduction to, 495
shoulder, 500
wrist, 513
Urethral stenosis, distal; editorial, 690
Uric acid: chronic gouty nephropathy treated by long-term hemodialysis and allopurinol, 618
Urinary tract infections in children; editorial, 131
Use of combined plasmapheresis and immunosuppression in treatment of Goodpasture's syndrome, 714
Use of computed tomography in diagnosis of soft-tissue tumors, 547
Usher's syndrome with unusual otologic manifestations, 543

V

Valve replacement, cardiac, in congestive heart failure due to infective endocarditis, 223
Van Dellen RG, 733
Van Heerden JA, 55
Van Scoy RE, 123
Vegetarian diets, multiple nutritional deficiencies in children on; editorial, 549
Vein, congenital absence of portal, 55
Venous sinus—acquired lesion, arteriovenous malformation affecting transverse dural, 651
Ventilation, mechanical: electrophrenic respiration; report of six cases, 662
Ventricular myocardium, right, in Ebstein's anomaly; morphometric histopathologic study, 181
Ventricular tachycardia, treatment of recurrent, by patient-activated radiofrequency ventricular stimulation, 75
Vignette, historical: Werner Forssmann (1904-1979) and his unusual success story, 746
Viral hepatitis: serologic markers of hepatitis A and B in acute and chronic liver disease, 721
Visitor program, amputee, as adjunct to rehabilitation of lower limb amputee, 774
Visualization of ventricular septal rupture utilizing wide-angle two-dimensional echocardiography, 381
Vlietstra RE, 347, 531, 675, 746
Voltage changes, electrocardiographic, during hyperthyroidism, 763
Von Hippel-Lindau disease, severe pancreatic involvement in three generations in, 329
Von Willebrand's disease and hypofibrinogenemia-dysfibrinogenemia in same family, 375
Von Winiwarter, brothers, Alexander (1848-1917) and Felix (1852-1931), and thromboangiitis obliterans, 802
